OLUMAYOWA OGINNI

PROFESSIONAL SUMMARY

Innovative Full Stack Developer with expertise in HTML, Bootstrap 5, AJAX, JavaScript, React, and Python. Passionate about crafting scalable, responsive, and high-performing web applications that improve user experience and business efficiency. Adept at designing intuitive UI, optimizing backend logic, and integrating dynamic data to create seamless solutions.

PROFESSIONAL ACHIEVEMENTS

Portfolio Website

Developed a fully **responsive React portfolio** with interactive UI animations.
Implemented **AJAX-powered real-time form validation** for seamless user interaction. Achieved **30% faster load time** by optimizing assets and caching strategies.

E-commerce Dashboard

Designed and built a **Bootstrap 5-based admin dashboard** with real-time analytics.
Integrated **secure API authentication** and AJAX-driven data visualization.
Boosted operational efficiency by **reducing processing delays by 40%.**

Task Manager Web App

Created a **full-stack application** with **Python, Flask, and React**.
Developed **secure user authentication & role-based access control**.
Automated database operations, reducing **manual workload by 50%**.

TECHNICAL SKILLS

Frontend: HTML, CSS, Bootstrap 5, JavaScript, React

Backend: Python, Flask, Node.js

Database: MySQL, MongoDB

Interactivity & APIs: AJAX, RESTful APIs

Version Control: Git, GitHub

Performance Optimization & Security

EDUCATION & CERTIFICATION	HND in Agricultural Extension and Management
	Certifications in React, Python, Full Stack Development
	Completed Advanced Courses in **AJAX & Performance Optimization**
